

Students Name- Lolbe Alexandra Rubio

Grade- 8th

Teachers name- Mr. Martinez

Schools name- Hope Of Detroit Middle/ High school

As I enter the front doors of Hope Of Detroit Middle/ High School, I get a rush of excitement. This rush of excitement is not because there's a field trip today or because there is an assembly that's waiting to happen. This rush of excitement is because I love being at school. The school is a safe place for all of the students that attend Hope Of Detroit. School is a place to have friends and learn. Many factors make schools great. Hope of Detroit has a special factor, though. The factor that makes my school awesome are the caring and supportive teachers. The students also make the school amazing.

I first enrolled at Hope Of Detroit in 2016. On September, 2016 was the first time I went through the doors of the Middle school. I felt the rush of excitement of starting a new school, but the nerves set in. The nerves were about meeting new people and finding friends. The nerves were more of if I was good enough for the school. I soon figured out that Hope Of Detroit was an amazing fit for me because there are caring teachers. The teachers didn't only care about your grades and your test grades. They care about your well being.

The students at Hope of Detroit also make the school amazing. The students at my school are always nice to the new students. I was a new student in 5th grade and when I went into the classroom I felt welcomed by the students. The students had introduced themselves to me. The students at Hope Of Detroit make the school feel comfortable for everyone.

The staff at Hope Of Detroit are super friendly, too. The staff know each student by their name and have a special relationship with each and every student. Every student is guaranteed to find a staff member that they are comfortable with. Many students are friends because of the staff member they are comfortable with.

My school is an amazing school because there is a sport or club for anyone. Even if it's NJHS or a sport. From the teachers to entering the school doors. Every student has a place at Hope Of Detroit. From finding new friends or a group of friends that are going to stick with you until next year and the year after. Hope Of Detroit is an amazing school.
