MAY A-GAME CONVENING AGENDA

May 2-3, 2024 | Chicago, IL

Be inspired. Share and learn NEXT practices. Change the Arc of Education.

Overarching Theme: *Refining Quality, Empowering Change for All Students:
Transforming Educational Measures, Frameworks, and Policies*

- To make new friends and meet new colleagues. We aim to expand the number of organizations in the coalition and build a brave space where school leaders and authorizers can talk candidly together.
- To learn with and from schools and authorizers who are attempting to innovate and disrupt the status quo.
- For those new to A-GAME, learn about the A-GAME's Responsive Framework and Goals and WestEd's Indicators of Distress
- Engage in rich conversations about what matters most for charter schools, their families, their boards, and their authorizers
- Be inspired by NEXT practices created by A-GAME's early adopter colleagues who have put theory into practice and learn from their experiences.
- With support from an Early Adopter Ambassador and your colleagues, identify what you can do now to change the arc of education in your organization
- Have fun!
